FEATHERLITE CAR TRAILERS

FTHR.COM

Get your car to the show, the race or any big event in the best — an all-aluminum Featherlite car trailer. Easy towing, durable, feature-rich Featherlites are the first choice of champions and auto enthusiasts everywhere.

Moving you ahead of the curve with:

(F) All-aluminum construction. Customers report that Featherlite's all-aluminum trailers give them more payload capacity, smoother travel, fuel savings with the lightweight construction and a higher resale value.

(B) Heavy-duty crossmembers. Heavy-duty 4" I-Beams on 12" centers give your trailer added strength and adds to the uni-body design. (on most models)

PerfectFit™ System. The Featherlite PerfectFit System allows you to choose your trailer your way.

Aerodynamics. Featherlite v-noses are designed to be more wind resistant and easier to pull. They are also great looking!

(C) D tie rings. Featherlite's D rings are handy to use to tie down cargo.

Heavy duty tongue. Extending back to almost the camper door, the trailer tongue offers more strength to the entire trailer.

Aluminum floor. Durability on the outside is also found in the inside with Featherlite's standard aluminum floor. (on most models)

Pierce and roll. The pierce and roll system is used in the construction of each Featherlite car trailer roof reducing opportunity for water leakage.

(D) Wiring harness. All wires are bundled in a protective jacket, known as the Featherlite wiring harness to protect against wear and tear.

(E) Cable assists. The task of getting the ramp down and up is much easier with Featherlite's cable assist rear ramps on enclosed models.

(A) Sealed LED wraparound lights. LED lights on enclosed models are brighter and provide more visibility to others. Plus, they traditionally last longer than conventional lights.

NEW!

New options for 2012 models include a 1-car wedge floorplan for more versatile hauling, modular cabinets for additional storage, skid-resistant Nudo® flooring, and conveniences such as keyless entry, rear camera/motion sensor and a back lit feather.

Bumper Pull Car Trailers

Great looking Featherlite bumper pulls are affordable and compact and can be hauled by a wide selection of vehicles including SUVs and motorhomes. Custom workshops, living quarters and cabinetry are available as options in Featherlite's enclosed models.

Gooseneck Car Trailers

Featherlite gooseneck car trailers are legendary for stability, versatility and convenience. Featherlite goosenecks provide the option for a longer trailer with additional storage space in the gooseneck and throughout the trailer. The design of an enclosed gooseneck allows for optional custom workshops, living quarters, cabinetry and internal lifts.

MODEL 4941

MODEL 3112

MODEL 4990

Model 4941 includes a smooth extruded aluminum floor, rear ramp with cable assist and a heavy-duty double sealed side door. Choose from many options, including cabinets and living quarters for those overnight trips, or it can be designed as a vending trailer or a kitchen trailer instead.

The gooseneck version of Model 3110, the 3112 comes in lengths ranging from 20' to 30'. Features include two 7' ramps that can be stored under the trailer, removable fenders with stainless steel fender latches and stainless steel swivel D-rings.

Racecar trailer Model 4990 features a lift gate, upper deck and other great features for race teams. There are many options to select from to design the trailer to your needs, including a rolling tire rack, workbench, overhead cabinets and more.

A gravel guard is standard on Model 4926 for extra protection of your trailer from rocks and debris.

Model 4926 shown with optional silver sides, front ramp, raised deck, stainless steel wrap, cabinets, side access door, spare tire and more.

Model 4926 and 4941 shown with a living quarters. Choose from many floorplan and décor options to customize your car hauler.

The 20' version of Model 3110 is now available as a one car wedge trailer. The bed has a gradual slope allowing for wider vehicles, like modified race cars or dually trucks, to be hauled.

Power lift package is an option on selected lengths of open car haulers Models 3110 and 3112.

Provide your cargo with extra protection with an optional aluminum air dam on Model 3110.

Cabinets and workbenches available for storage and work space.

Various options are available for securing your cargo including airliner track or aluminum a-track.

“Using a Featherlite trailer is a savings of about 25% just in fuel mileage alone [compared to another brand] — It is a combination of the aerodynamics of the Featherlite trailer, the way the front end is built and, of course, the lighter weight [that delivers] the big, big savings.”

Roger Gustin, Former President of AutoStar Productions, the producer of the Super Chevy Show Series

Mix & Match

Featherlite enclosed car haulers are now available with dual and tri color side sheets.
