TRAILERS

FLATBED TRAILER | MODEL 1586

Take on hauling challenges with Featherlite's flatbed trailer Model 1586! This gooseneck flatbed is built for lighter-duty hauling, complete with treated wood flooring and LED lights. A step allows you hassle-free access to your cargo, and an optional beaver tail with a flip over ramp makes loading and unloading anything from water tanks to a pickup truck easy.

PRODUCT SPECIFICATIONS

8'6" width

Standard lengths from 16" to 26"

Dual single speed landing gear

2 5/16" adjustable gooseneck coupler

LED clearance and stop/turn lights

12" aluminum main I-beams

3" extruded aluminum I-beam crossmembers on 20" centers

38" floor height

Two 7000# rubber torsion axles with electric brakes

TRAILER HIGHLIGHTS

- Durable all-aluminum construction
- 1" x 1" step
- Treated wood floor

FEATURE | FUNCTION | BENEFIT

FLATBED TRAILER | MODEL 1586

FEATURE	FUNCTION	BENEFIT
Aluminum Construction	Featherlites are made with an all-aluminum frame and skin.	With just routine maintenance, aluminum construction has higher resistance to rust and corrosion and in the long run, they hold their value longer. It's also lighter weight, increasing your payload capacity and making for a smoother tow.
3" Extruded Aluminum I-beam Crossmembers on 20" Centers	Extruded aluminum I-beams run every 20" under the trailer.	Featherlites have a solid support system underneath the trailer for your heavy loads of cargo.
LED Lights	Depending on the trailer's length, trailer comes with 11 or 13 round clearance lights and 2 stop/turn lights.	LED lights give trailers more visibility when traveling down the road at night. LED lights also use less energy and last longer than conventional lighting.
E-Z Lube Axles	Trailer comes standard with E-Z Lube axles.	The E-Z Lube axles make bearing lubrication quick and easy with an E-Z Lube cap that allows for easy access, extra protection and virtually no mess.
